Chapter 1

Introduction

This book is intended to be a comprehensive look at the challenges faced by Ross faculty regarding the advent of Generative AI in academia. The content of this book is based on real world problems, solutions, and ideas captured from research and interviews with Ross Faculty members who are currently contending with the challenges brought on by educating in the age of Generative AI.

Chapter 2

About Us

2.1 Ryan Berger

Ryan is a student at Ross.

2.2 Adam Zhang

Hi! I'm Adam

2.3 Michelle Xu

Hello, I'm Michelle Xu, originally from China. I spent six years living in the beautiful city of San Diego, California. After high school, I moved to Ann Arbor, Michigan, to pursue a major in Bioinformatics at LS&A. Currently, I'm a Master of Business Analytics student at the University of Michigan, Ross School of Business.

2.4 Sona Coshal

2.5 Fuad Chedid

Chapter 3

Current Policies at Ross and Umich

3.1 University Policies

3.2 Ross Policies

Chapter 4

Publicly Available Generative AI

4.1 Text

4.2 Images

4.3 Music

4.4 Video

4.5 Speech Synthesis

Chapter 5

Organizational Challenges

5.1 Current Responses

5.2 Future Plans

Chapter 6

Individual Challenges

6.1 Current Responses

6.2 Future Plans

Chapter 7

Final Thoughts

Chapter 8
